Notification Regarding Filing of Resident Tax Returns Related to Application for the FY2024 Priority Stipend in Response to Rising Prices

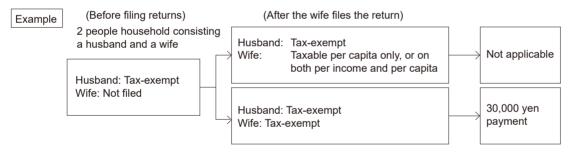

Thank you very much for your continued understanding and cooperation with welfare administration of Anjo City.

Households that meet all of the following "payment requirements" as of December 13, 2024 (hereinafter referred to as the "record date") are eligible for the benefits mentioned above.

However, as of the record date, since a member of your household is 17 years of age or older as of January 1, 2024, and has not filed a resident tax return for FY2024 (see Attachment 1), we are unable to determine the eligibility for the requirement of 1(2).

Therefore, if you want to receive the benefits, take appropriate action according to "2. Those who have not filed returns" category on the back of this form.

If all members of your household are exempted from the resident tax based on the results of their return filing, they will be eligible for the benefits.
