If you do not submit the form, your school aid will be discontinued. Even if you submit the form, you may not be able to continue receiving school aid based on the results of the screening process.

7 Withdrawal or suspension of school aid

If you no longer need school aid due to a change in your family situation, such as moving to a new address or getting married, after applying or being approved, please submit a letter of withdrawal to the school. In addition, school aid may be stopped if the reason for the approval disappears due to a change in family or income status.
